DO IT WITH THE FAMILY - THE "Y" WAY

BLUE WATER, clear Sierra sky, and mountain forests form the setting for the YMCA Family camp that is being operated this year on a "full time" basis at Lake Sequoia, on highway 180 just below the Kings Canyon National Park line. Photos show family fishing in a lake cove; boat landing and swimming area at the Family camp; call to dinner at the camp mess hall; a father and his son just sitting and looking; families at dinner; and a mother and daughter go sailing. The Family camp, operated on a "cost basis" is the YMCA approach to strengthening family ties through family living. (Farm Tribune photos)

JOE FAURE VICE CHAIRMAN OF FAIR BOARD

PORTERVILLE - Joe Faure was elected vice chairman of the Porterville fair board, and plans for facilities and program improvements were discussed at a meeting of fair directors held Monday evening on the fair grounds.

Specifically, the board authorized painting of the restrooms building on the fair grounds, also construction of a chain link fence along the north end of the grounds.

Directors set September 6 as date for a no-host dinner honoring A.K. (Babe) Hodgson for his work in originally organizing the Porterville fair and his services as board chairman for 25 years. Honored also during the dinner at The Paul Bunyan will be Mrs. Hodgson, who has worked in a

EMPLOYEES REJECT UNION AFFILIATION

PORTERVILLE - Employees at Nelson Concrete Pipe company rejected affiliation with the United Cement, Lime, and Gypsum Workers in a union election recently conducted by the National Labor Relations board. The employers were represented by the California Association of Employers, listed as "one of the largest organizations of its kind in the United States."

SPRINGVILLE JUNIOR RODEO SATURDAY

SPRINGVILLE - Boys and girls from six to 16 years of age will be working for silver buckles, gift certificates and ribbons in annual Junior Rodeo in the Springville-Sierra Rodeo arena at Springville, Saturday evening, with the show to open at 5 p.m. with family jackpot team roping.

Queen of the rodeo will be announced and crowned at a Rodeo dance Friday night, from 9 p.m. until 1 a.m., in the Springville Veterans' building, with music by Bob Lee and his California Countrymen, of Visalia.

Seven girls are competing for the queen title: Jody McGregor, Julie Lee, and Rachell Babineau, from Springville; Beth Phipps, Terry Hayden, and Karyn

COUNSELING TO BEGIN TUESDAY AT BOTH PORTERVILLE AND MONACHE

PORTERVILLE - Counseling on both Monache and Porterville high school campuses will begin Tuesday, August 22, according to E.R. Berryhill and Carl Faller, principals of the two schools, respectively.

Students new to the district, and who have not previously registered, should report to the guidance center of the high school they will be attending.

The registration procedure takes about two hours. It consists of filling out a number of necessary forms, taking an entrance test for placement purposes, and having a counseling interview for the selection of subjects.

Students who will be attending Monache high school, and not previously registered, should report to the guidance center in the administration building at 9 a.m. or 1 p.m. Tuesday, August 22; Wednesday, August 23; or Thursday, August 24. They may also report at 9 a.m. Friday, Aug. 25.

Students regularly enrolled on the Monache campus who wish to see their counselors before the opening of school, should phone the Monache guidance office at 784-7000 and request an appointment. This same procedure will apply to all incoming freshmen who were pre-registered last spring while still in the eighth grade.

Counselors will be available for these conferences from Wednesday, August 23, through Friday, September 1. Their hours will be from 9 a.m. to 12 noon and 1 to 4 p.m. daily.

First letter of the student's

last name determines the counselors to whom he or she is assigned. Counseling assignments at Monache for the 1972-73 school year will be: Mrs. Paula

(Continued On Page 7)

Boundary Lines Remain The Same

PORTERVILLE - Attendance boundaries in the Porterville Union High School district will be the same for the 1972-73 school year as those which have been in effect the past four years.

Students living south and east of the boundary line are required to attend Porterville High school. Those living north and west of the boundary line will attend high school on the Monache campus.

Starting at the south end of the high school district, the boundary line follows old Highway 65 through Ducor and Terra Bella to Avenue 112. It then jogs west to Freeway 65, which it follows north to Grand avenue in Porterville.

At Grand avenue the line goes east on Grand to the Southern Pacific railroad tracks. The boundary line then follows Doris avenue east to Second street, then jogs south again to Grand avenue and continues east to the foothills.

Anyone having a question about which school they are to attend may call 784-7000 and ask for Carl Faller or E.R. Berryhill, principals of the Porterville and Monache High schools, respectively.

Mini-Courses In Mechanical Agriculture Provide Vocational Training At Schools

PORTERVILLE - A series of mini-courses in the servicing and operation of mechanized agriculture equipment is proving to be popular in the Porterville high school district.

Instruction in the various courses runs from 12 to 28 hours, depending upon the complexity of the equipment being used.

A number of equipment dealers, and ranchers, have combined their efforts to assist with instruction, which is in charge of Ray Kennedy and Al Sardella. The minicourse program is funded under VEA (Vocational Education Act) and will run for the remainder of this calendar year.

Courses already taught have included: Forklift operation, conducted with six forklifts, two from Tule River Dryer and four from Yale Forklift, Fresno, at the dry yard in Woodville. Thirty-five students received 20 hours instruction under the

supervision of Roscoe Honeycutt and his supervisors.

Irrigation equipment, including drippers, misters, sprinklers, hoses, pumps and other equipment was provided

(Continued On Page 6)

WORKSHOP SEEKS DEVELOPMENT OF SALEABLE SKILLS

PORTERVILLE - A workshop this summer in the homemaking department on the Porterville high school campus has been aimed at developing Unipac in various areas, designed to increase the depth of offerings to students who are entering the vocational field and to equip them with salable skills, according to Ramona Smith, head of the department.

Under the Vocational Education Act project, three portable sewing machines have

VARIETY OF COURSES OFFERED AS ADULT SCHOOL OPENS SEPT. 11

PORTERVILLE - Porterville Adult School will begin September 11 according to Dr. R.H. Chamberlain, director of adult education for the high school district, with classes offered including courses required for graduation, elective courses for enrichment, and skill development courses for

employment.

Academic classes include English, history, mathematics, science and American problems. Special interest courses are scheduled in auto maintenance for women, ceramics, child development, classic films, driver training, home landscaping,

Editorial Comment

FEMALE CHAUVINIST PIGS?

The women's liberation movement has taken over Woman Suffrage Day which has traditionally honored the adoption on August 26, 1920 of the 19th Amendment. They're calling it Women's Liberation Day, and this year the National Organization for Women (NOW) plans it as the Day of Confrontation, a protest aimed at employers they say discriminate against females.

It is just possible the girls are pushing a little too hard. That's the feeling, at least of one of their sex. Columnist Harriet Van Horne recently declared she's "getting awfully tired of The Girls . . . and all their meowing and scatching and booing and cursing. I am as distressed by their paranoia as I am offended by their manners."

"Ready to mount the barricades for all their legitimate causes," Miss Van Horne deplores as untimely and unwise such efforts as those made at the Democratic convention on behalf of abortion and sexual liberation; and especially the gals' "rough, tough, go-to-hell stance."

Why, they're acting just like male chauvinist pigs!

CALIFORNIA SPEAKS

DR. ALBERT SHUMATE, S. F. historian, civil leader — "Historical societies are no longer for the select few, but are trying to instill on a broad base a sense of history in the community which in turn can make city dwellers an integral part of what's happening around them."

MARIE E. GEORGE, Fallbrook — "The reason for vandalism is the kids have never been taught to keep their hands off other people's property before the age of 5."

RALPH J. SMITH, engineering prof. at Stanford conference — "The industrial revolution, the replacing of human muscle by steam engine and water wheel and electric motor, ended human slavery; and other new developments promise the release of human beings from other forms of bondage as well."

BOB ALDERMAN, Honolulu PR exec. visiting Calif., on aging process — "I still look at young pretty girls; but now I can't remember why."

NIVEN BUSCH, S.F. author — "I don't know that life has to have a meaning. The mystique of life is like a beautiful woman; she doesn't have to carry a message to capture one's interest."

CAPT. JAMES GREALISH, USNR, in Calif. speech — "We spent so much time giving our children the things we didn't have that maybe we didn't give them the things we did have."

Coaching Assignments At Monache High

PORTERVILLE - All athletic coaching assignments at Monache High school for the 1972-73 school year were announced by assistant principal and director of Athletics, Don Kavadas.

Football will have Ron Kavadas as head varsity coach, assisted by Lawrence Rice; junior varsity - Randy Quiram, assisted by Robert Haley; B team - Paul Hernandez, assisted by Travis Bierman and C team - Andrew Williams.

Rick Vafeades will again coach cross country and Hal Hevener will continue with water polo to complete the fall sports assignments.

Winter sports will have Andrew Williams as varsity wrestling coach with Lawrence Rice as J.V. coach. Basketball will again be headed by Carroll Land with the varsity, Hal Hevener - J.V. coach, Tom Rieger - B coach and Rick Vafeades will be the new C class coach. Hugo Ward will again head the soccer program.

Spring sports will see Randy Quiram heading the track program assisted by Rick Vafeades and Robert Haley. Hal Hevener will continue as head swim coach assisted by Pam Berryhill. Golf coaches will be Carroll Land with the varsity and Bill Ward, junior varsity team. Varsity tennis coach again will be Pam Kessler with a new assistant this year, Paul Begin. Tom Rieger will return as varsity baseball coach with Lawrence Rice as J.V. coach and Ron Kavadas as freshman coach.

WE THE PEOPLE

August 10, 1972

Dear Sirs:

As a returned old timer to this community for a five day vacation, I'm ready to go with you for my idiot certificate.

I suggest the planners come down our way and get some signals and signs ideas. Better luck next time.

I'll be lucky to get out of here alive.

Sincerely
Mrs. Evelyn Crout

Korean Success

Korean Liberation Day, August 15, has a special meaning this year.

Celebrating, originally, the liberation from Japan in 1945 and the founding of the Republic of Korea in 1948, it now can include a hopeful step toward a new accord between the two segments of the divided nation.

The accord announced recently was remarkable not only for its content, but, in the context of the bitter hostility of the past two decades, for its courteous tone.

North and South Korea have agreed to establish a Seoul-Pyongyang hot line, to call off their propaganda war, and to halt border incursions and other such incidents. In principle, they also have agreed to reunification "through independent Korean efforts . . . through peaceful means . . . transcending differences in ideas, ideologies and

BANDARAMA FOR VETERANS' DAY; HOMECOMING QUEEN WILL BE NAMED

PORTERVILLE - Buck Shaffer's Veterans Day Bandarama will again feature the Veterans' Day celebration in Porterville October 23 at Jamison stadium.

Over a thousand high school and elementary band musicians are expected to participate in the event, coming from various

valley points. A free lunch will again be served to band members and their directors after the Main street parade and prior to the Bandarama.

Selection of the Veterans' Day queen, who becomes Miss Porterville following Veterans Day, will be held in the Memorial auditorium on October 7. At the same time a junior queen will be chosen to head up the junior division of the parade, an innovation this year. A senior princess, junior princess and queen's attendants will also be chosen on the same date. Applications for entry into the queen contests will be available shortly after September 1.

this california

By MIKE ABRAMSON

It may seem a bit early to be writing of fall duck hunting but to waterfowlers it's never too early to be thinking about their favorite sport.

Of course this is the time of year when wildlife managers throughout North America are assessing the resource to set this year's seasons and bag limits — and that's action enough to start the juices flowing for most marshsloggers.

What leads to all this philosophy is a recent experience of this writer which forced recollection of a duck shooting fundamental which too many of us seem to forget.

That is the need for developing real camouflage for the shooter's blind. Most hunters do get a bit lazy and simply rely upon pond growth such as tules to break up their images in their barrels. And far too many get careless or tired, then stand rather than remaining crouched or seated below the blind top.

Our shooting gang has to plead guilty to some of this although we've been laboring mightily to improve our hunt club in the northern Sacramento Valley. That effort, however, has been concentrated on land management — early flooding for irrigation, seeding of millet and pond grasses for waterfowl feed, and planting of tules and bamboo to screen the hunting area.

Hunting of course has improved, for when land is truly managed for wildlife it becomes increasingly productive.

But the payoff is diminished when the fundamentals of outdoor sport are overlooked.

Our reminder came when we played duck ourselves at 200 feet in a low flying aircraft. We flew north to check on the planting work with our rancher friends performing it, and then at cropduster altitudes took a close look at the whole hunting region.

Even though accented by summer bare ponds, the hundreds of duck blinds in the area stood out from above like neon lights. Add a man and a gun and no high-flying duck or goose in its right mind would drop below 1000 feet.

The airborne surveillance was fascinating. Now it's up to our gang to see if we can further outsmart the birds this fall. At least we know what those tricky devils are looking down on . . . and hopefully this year it won't be us.

systems."

There is a long way to go, of course. The Korean war has not been legally ended and many are the pitfalls along the road to detente. But the accord is a high tribute to South Korea's new economic and military strength—a success story greatly abetted by U.S. and Japanese assistance, but made possible in the final analysis by the determination of its own people.

By CLEM WHITAKER, JR.

As the traditional Labor Day launching of full-scale election campaigning draws closer, and as the Democratic Party's vice presidential problems fade as a potentially hot issue, political observers are pondering not only the outcome but the effect the campaign will have on long-standing party loyalties.

President Nixon currently enjoys, in the polls, a wide margin over Senator McGovern. But Hubert Humphrey demonstrated that comfortable August leads can become agonizingly narrow November victories as dissident Democrats swallow their feelings and stick with their party.

McGovern's Democratic Party, however, is something new, as the Miami convention so clearly demonstrated. Whether the newly-created dissidents this year will find it as easy to swallow is a key question.

The Wall Street Journal, in an editorial study of the situation, suggested recently that "this may be the election that finally undoes the party loyalties that have sustained the Democrats for 40 years." History shows that party dominance does change, more often than not abruptly, and generally because of dominant issues.

On the issues, the Journal feels, "the traditionalist-business elite the Republicans represent, for all its quite considerable deficiencies, remains in closer step with the common man in America than does the modernist-academic elite the McGovern Democrats represent." Also, "the bulk of the electorate, and particularly the lower-middle class that has been the heart of the Democratic dominance, is in open revolt against the new elite's prescriptions on patriotism, welfare, amnesty, abortion, busing and a host of similar issues."

On the other hand, the GOP has given the nation "four years of reasonably good governance, especially in comparison with the preceding eight years. By and large the issues facing the nation have been completely dealt with . . . the temper of the nation is far better." In the words of the Mr. Nixon's British Vietnam adviser, we Americans at last have "a professional President."

Competence and professionalism are attributes not too strongly represented in the McGovern operations. The Senator's backtracking on a number of issues, the Eagleton affair, the organizational difficulties are evidence.

All of which suggests to the Journal that the Republicans' issue is not McGovern's radicalism but Nixon's competence; that their rivals are not threats to the nation so much as "well-meaning men with a good deal to learn about the world."

That is a constructive issue, to be sure. And it could be of great good to the nation. If it can win the election.

Porterville High Coaches Named For 1972-73 Year

PORTERVILLE - The following coaching assignments have been made by Porterville High school for the 1972-73 school year.

Donn Renwick, Head Varsity football; Glenn Hayes, assist varsity football and wrestling; Pat McCusker, J.V. football and tennis; Dave Gallego, Assist J.V. football; Carl Reece, "B" Football, "B" Basketball, J.V. Golf.

Paul Begin, Assist "B" football; Gary Ishida, "C" football; Allen Eickemeyer, Assist "C" football and J.V. wrestling; Howard Clarke, Cross country and track; Albert Lowery, Water polo and Swimming; Ron Kavern, Varsity basketball and J.V. baseball; Ernie Bray, J.V. basketball and Frosh baseball.

Dave Frederick, "C" Basketball and Varsity baseball; Orval Gillett, Assist track; John Zoolakis, Assist track; Tracy Armstrong, Varsity Golf; Susan Dodd, Assist tennis; and Lynn Enos, Assist swimming.

PHS Student Council Workshop Scheduled Saturday On Campus

PORTERVILLE - Porterville High School student council members for 1972-73 will hold an organizational workshop on Saturday, August 19, on the Porterville High School campus, according to Dick Payne, student council advisor. Rick Kavadas, student body president, will chair the workshop.

His responsibilities during the school year will be shared by Gregg Bennett, vice president; Ann Duysen, secretary-treasurer; Jody Sauer, correspondence; and Commissioners Richard Bennett, Melissa Middleton, and Chris Ferrell. Senior class representatives are Gwen Vaughn and Rick Goman. Junior representatives, Annie Esperanza

and Alex Jimenez, and sophomore representatives are Jerri Ensslin and Dave Kavadas.

Panther Cheer leaders for 1972-73 will be Desi Cabinete, head; Jacqueline Kalb, Melissa Middleton, Debra Frazier, Cathy Brown, and Leora Bautista.

J.V. Cheer Leaders are Tammy Luther, Kim Laney, Krista Cotta, and Vickie Salcido.

Panther Song Leaders will be Yolanda Tritch, Vickie Letsinger, Patti Cobb, Bonnie Parsons, Doris Vedenoff and Patti Callahan.

JOHN KECK JUDGES STATE CONTEST

John Keck, of Porterville, will be in Santa Rosa this weekend to judge both junior and senior mounted drill teams in annual competition sponsored by the California State Horsemen's association. He will be one of five judges; Porterville's Canterbelles, former state junior division champions, will be competing.

DRIVER TRAINING BEFORE AND AFTER REGULAR CLASSES

PORTERVILLE - During the 1972-73 school year driver training will be offered to Porterville High school students before and after the regular school day. Morning sessions will be from 7 a.m. to 8 a.m. and afternoon sessions from 3:45 p.m. to 4:45 p.m.

Prerequisites to the behind-the-wheel course are that a student must be at least 15 1/2 years of age, and have completed the driver education unit in the freshman California requirements course.

Students who have fulfilled these requirements may sign up for driver training with Mrs. Alice Armstrong in the administration building on the Porterville high campus.

The Old Timer

"To err is human—but it takes a better excuse the second time."

DOG LICENSES STILL AVAILABLE WITHOUT PAYMENT OF PENALTY

VISALIA - Tulare County dog owners may obtain dog licenses until August 31, without penalty, according to Albert Morris, poundmaster for Tulare county.

Puppies under four months of age must be confined until they are old enough to vaccinate and license. No dog is allowed to run at large without a valid Tulare County license, fastened to their collar. Mr. Morris states that there were 9,280 dogs picked up without licenses, last year.

A rabies vaccination slip is necessary before a license will be issued. The low cost rabies vaccination clinics are over for this year. Dogs can be vaccinated by your own veterinarian.

Licenses are available at the County Clerk's office, Tulare County Courthouse, Visalia or by writing to J.C. Bayless,

County Clerk, Room 201, Courthouse, Visalia.

Mail requests must be accompanied by a rabies vaccination receipt and check or money order, states Juanita McQuin from the County Clerk's office.

Licensing applies to all dog owners, even those in Tulare, Visalia and Porterville where leash laws have been enacted Mr. Morris said.

Last year, owners of 2,099 dogs were given citations for having unlicensed pets. There is a mandatory \$10.00 fine on each citation.

Replacements for lost dog licenses can be obtained from the County Clerk, at the cost of 25 cents.

Rangeland grass conditions are generally poor throughout California.

P.E. UNIFORM REQUIREMENTS SET AT MONACHE HIGH

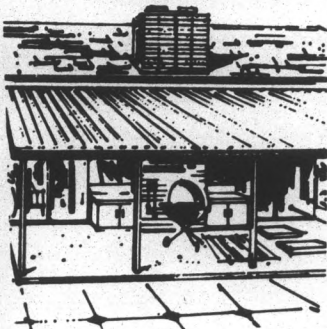

PORTERVILLE - Monache students, both girls and boys, in physical education classes will be required to wear uniforms, according to E.R. Berryhill, Monache high school principal.

Uniform requirements will be as follows: Girls - seniors will continue to wear the same green uniform as that worn this past year, but all others will be required to wear a one-piece light blue gym suit, (top section of suit is blue and white striped, bottom section is solid blue), white gym shoes, and white socks.

All boys will wear light blue gym shorts, white tee shirts, white socks and gym shoes.

Parents who have any questions concerning the uniforms should call 784-7000, extension 833.

Compensatory Education Program Continued Through Sixth Grade

PORTERVILLE — Intensive instruction in reading, language arts, and mathematics from kindergarten through the sixth grade will be emphasized under the Compensatory Education program in the Porterville Public schools, according to David Itzenhauser, director.

This program is funded entirely by federal monies, and the program is concentrated at the two target schools of John J. Doyle and Olive where there is the highest percentages of pupils coming from "economically deprived" homes.

Special language development instruction has been given during the past two years with the Distar Language program at the kindergarten level and with the Distar Reading program in the first and second grades. This program, emphasizing direct instruction and mastery of essential skills at each level, will be continued.

Individualized instruction with teaching aides assisting children in reading and math in their regular classrooms will replace the reading lab concept at the target schools. Children

with special needs will be assisted in a lab situation on a temporary basis to accomplish particular learning tasks.

A special learning center, which has been established for youngsters who require instruction in English as a second language, will be continued. Goal in this center is to teach children functional English if that has not been their native language. They are given this bilingual support until they are able to function effectively in the regular classroom.

The program director, school

psychologist, reading and math consultant, resource teachers, teacher aides, and community aide combine their efforts in giving assistance to these children.

In addition to the educational aspects of the program, the Compensatory Education program has special projects designed to contribute to each child's growth and development.

During the past year vision screening and a fluoride treatment for teeth were two such programs. As assembly on Indian lore and handicrafts was

conducted for third graders; lecturers from the Los Angeles County museum gave a math demonstration for fourth and fifth graders, and a health demonstration for sixth graders.

An estimated 2,000,000 minibikes are being operated in the United States.

Small grain harvest is virtually completed in the Sacramento valley.

Picking of sweet corn is active in southern California.

SPECIAL INSTRUCTION PROVIDED IF NEEDED FOR MIGRANT STUDENTS

PORTERVILLE - Porterville Public schools personnel will continue to provide special instruction at all schools in the system for those youngsters who enter school late and are in need of remedial help in specific subjects.

The program is designed to

help children whose education is interrupted by frequent resident changes because their parents work primarily in agriculture and must "follow the crops".

Porterville's migrant pupil program, part of a statewide effort, is coordinated by the department of compensatory

education.

Pertinent educational information and test data is shared between all school districts having migrant education programs to provide better tutoring programs and also to eliminate a duplication of effort. These youngsters,

identified upon enrollment, have their special needs, if any, determined by the regular classroom teacher in Porterville Public schools.

To strengthen needed skills, a youngster is assigned to a tutor who will work with the child on a regular schedule. These tutors,

many of whom are bi-lingual, work with small groups of children (usually not more than four). Special instructional aids are provided which are designed to provide interest and variety to the courses of study.

The struggle for power.

**We could run short of electricity.
Conservation is vital.**

Remember that record-breaking heat wave last year?

You weren't the only one sweating it out.

So were we. The demand for electricity hit an all-time peak on September 13, 1971. It was 13% higher than the 1970 peak.

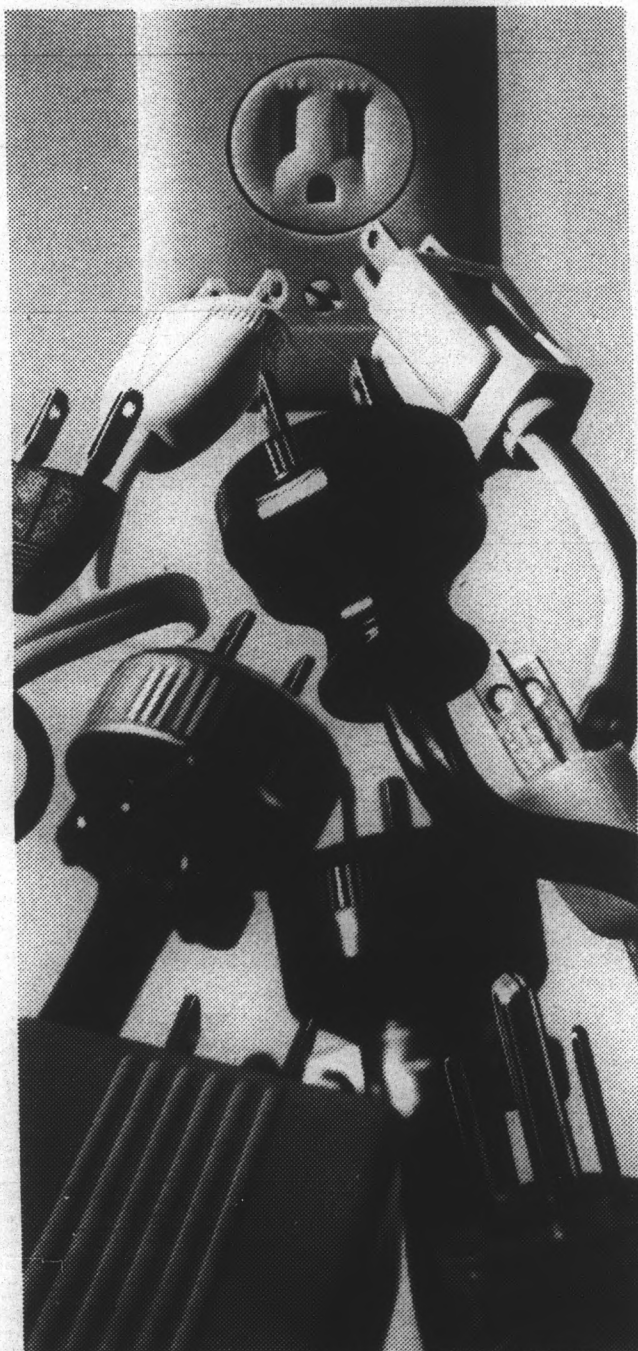

We met all demands, but our system was severely strained.

But what about the years ahead? Each year the demand for electricity keeps right on growing. New homes keep going up. And schools. Office buildings. Factories.

All will require additional electricity. So will the new equipment needed to clean up the environment.

Unless Edison is permitted to build additional power plants and transmission lines, it may become necessary to blackout blocks of customers on a rotational basis within two or three years.

Yet permits necessary to build any new major plants have been delayed or blocked for the past four years.

While a power shortage did not become a reality in 1971, the threat of one did. Edison is working with industrial and business firms to conserve electricity in offices and factories.

That's an immediate problem. We're working hard to resolve it.

The long-range problem requires finding more ways to conserve energy and to use our nation's total energy resources wisely. That involves all of us.

In Edison's fossil-fueled plants, for example, we're now able to produce 30% more electricity from a unit of fuel than in 1948. That helps.

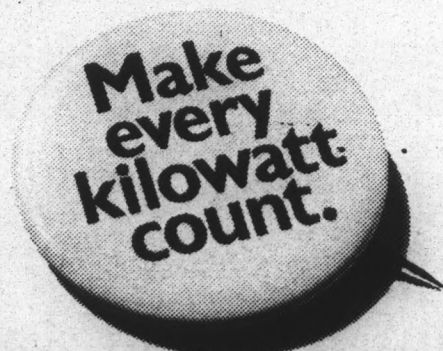

And by using higher-voltage transmission lines, we're also able to deliver electricity more efficiently.

Perhaps you can conserve energy, too. Have you considered ways to make every kilowatt count at home? We'll be happy to send you a list of practical suggestions.

Write: Conservation, Edison, P.O. Box 800, Rosemead, California 91770.

An Equal Opportunity Employer

MINI-COURSES at Porterville and Monache high schools in operation of agricultural equipment are available to high school students, with photos illustrating instruction in the field: A student crew learning operation of a swather; and a student at the Tule River Cooperative Dryer Inc., at Woodville, learning forklift operation.

Roll-over protection on industrial and farm machinery in California is required for new equipment after September 1, 1972, and on all such equipment after December 7, 1978.

Estimate for California hay is 1,991,000 acres down 4,000 acres from a year ago, with alfalfa, 1,198,000 acres, off 12,000 acres; other hays, 793,000 acres, up 8,000 acres.

Mini-Courses

(Continued From Page 1)

by Muller Irrigation, Perma Rain, Gillespie Chemical company, Woods Ag construction, and several ranchers. Instruction was carried on at Monache High school, the Stan Noble ranch, the Sailors ranch, at Terra Bella, and in Porterville. Eight boys received 24 hours instruction each in this course.

Hydraulic lift bucket, was a course of 18 hours instruction with 14 students participating. Equipment was provided by Don Farmer, Jack Neal, Jim Bays, Ralph Starr and Paul Enos. Instruction was carried on in the Porterville agriculture ag area and at the Bays prune orchard.

Weed oiler instruction was given by Charles Holland and Wilbert Scranton for seven students in a 12-hour course, given on the Porterville high school campus.

Instruction in spraying equipment provided 12 hours for six students. Instructors included Don Farmer, Don Nelson, Elmer Horton and William Bennett, using speed, concentrate and boom sprayers. This course was carried on at Porterville high school and in the Bennett orange grove.

Hay balers, swathers and bale wagons were studied in a 28-hour course for eight students. A swather, baler and bale wagon were provided by New Holland, Tulare, a baler, tractors and rakes by Guido Lombardi of Porterville and a tractor by Monache high school. The training program was conducted on the 60 acres adjacent to Monache high school.

A grain harvester was used for instruction in a 20-hour course for five students. Resource information was provided by John Kornwinder, Fred Stailey and Bob Nuckols and equipment by Nuckols. The actual training was wherever the equipment was engaged in custom harvesting.

Additional mini-courses are planned for the balance of this year.

JOHNSONDALE STARTS PROGRAMMING AUG. 29

JOHNSONDALE - High school students at Johnsondale will be programmed, receive orientation and take entrance tests on August 29, 30, 31 and September 1 according to Mrs. Elizabeth Moore, principal, who stated that instruction will begin on Tuesday, September 5. The school year will end on May 29, 1973, with the annual commencement scheduled for the last day of school.

FOOTBALL SEASON STARTS MONDAY FOR PORTERVILLE, MONACHE SQUADS

New Coach For Panthers

PORTERVILLE - The 1972 football season begins August 21, for the Porterville Panthers, Cats, Cubs, and Kittens. A turn-out of 180-200 young men is expected by new head coach, Donn Renwick.

All candidates for the team must have completed prior to the first workout a physical examination, purchase of insurance, and payment of student body fees. Physicals will be given in the Porterville gym on August 16, at 1:30 p.m. for \$1.00. Insurance and student body cards may be purchased from the receptionist at Porterville High School.

The first five days of practice will be devoted to conditioning with the "B" and "C" teams beginning at 5:00 p.m. and the Varsity and J.V. teams at 6:00 p.m. Pads for all teams will be issued throughout the first week.

Practice in full gear begins Monday, August 28, with exact times to be announced. The first game of the season is September 15, against the Roosevelt Rough Riders at Jamison stadium.

been purchased and have been developed into a special unit for disadvantaged students. After satisfactory completion of a minicourse in the use of these machines, students may check the machine out for home use.

In another minicourse, it is hoped that skills necessary for employment in clothing factories can be taught. A power sewing machine is available for such training.

Also under VEA, frozen food freezers are available to be used as a teaching device and encourage interest in this field as a possible area of employment. Miss Smith said there will be continued instruction in the numerous areas of homemaking and consumer education.

Desire Is Key For Marauders

PORTERVILLE - It may be a tough assignment for the Marauder football team to come up with a season like the 10-0 record of last year, but if attitude and desire are any indication, the 1972 team will be a good one.

This year's schedule is the same as last year with the exception of San Luis Obispo, who will be replaced by Atwater. Monache opens with Bullard at McLane Stadium in Fresno, then meets the tough Reedley Pirates at Jamison Stadium.

Coaches of the above two teams will coach the Fresno city and County all-star teams in August, which gives an indication of the high quality of football played in those two schools.

Third game will be against Highland high of Bakersfield, played in Bakersfield College's Memorial stadium. Atwater will replace San Luis Obispo at home on the fifth date, the fourth date is still open.

Eastern Yosemite League games with Tulare Union, Tulare Western and Porterville will be at home this year. Delano and Hanford games will be away.

Returning lettermen include linemen: Jr. Musquiz, G; Jim McDonald, T; Rick Garcia, T; Rick Rodriguez, T; and Carl Schneider, C. Backs include Dave McDaniel, QB; Dan Gonzales, RB; Don Posey, FB; Jeff Taylor, FLK; and Homer Garza, FLK.

Ron Kavadas, varsity head coach, said that with help from a good JV team, Monache's prospects look fair again this year, the primary concern being the lack of depth and experience. The Marauder's strengths are listed as quickness and morale. He and assistant coach Lawrence Rice call attention to fitness week, August 21 to 25, with regular practice in pads starting for all teams on Monday, August 28.

CALENDAR - PORTERVILLE PUBLIC SCHOOLS

Porterville Public Schools will open for instruction on Tuesday, Sept. 5 and complete the required 175 days of operation on June 7, 1973.

October 23 will be observed as Veteran's Day; November 23 and 24, Thanksgiving; December 18 through January 1, 1973, for Christmas and New Years; February 12, for Lincoln's birthday; February 19, as Washington's birthday; April 16-20, Easter holidays and May 28, Memorial Day.

The first quarter of instruction will end on November 3; first semester on January 26, (one day of no student attendance), the third quarter ends on March 30, and the second semester on June 7. The first, third and fourth school quarters have 43 days while the second quarter is 46 days.

CROSS COUNTRY PRACTICE AUG. 23

PORTERVILLE - Cross country practice at Monache High school begins at 6:15 p.m. Wednesday, August 23, at the Monache gym, with Rick Vafeades, a 1972 Marathon Olympic trials participant, coaching the Marauder harriers again this year. Key returning varsity lettermen include Estaban Ortiz, Tony Rodriguez, and Jim Dunlap.

Mr. Vafeades suggests that all boys who are planning to run in the fall should start running now on their own three or four days a week. Monache is a member of the East Yosemite League (Porterville, Monache, Tulare, Tulare Western, Delano, and Hanford). With cross town rival Porterville as defending EYL champions, the battle for the title should be between a favored Porterville High and Tulare Western.

CROSS COUNTRY SCHEDULE

9-15	Wasco	T
9-28	*Western	H
9-30	Hanford Invtnl

PROGRAM CARDS READY SEPTEMBER 5

PORTERVILLE - Student program cards will be distributed at both Monache and Porterville High Schools on Tuesday, September 5. The program cards will indicate subjects, teachers and room assignments, as well as the time each subject will be given.

Joe Faure

(Continued From Page 1)

number of capacities through the years in connection with the fair.

September 11 was set as the "critique meeting" of the board when suggestions for improvement of the fair and complaints concerning past fairs will be the principal items on the agenda.

Persons with complaints or suggestions should send a brief statement of their position to Bob Board, secretary of the fair board, P.O. Box 369, Porterville, no later than 10 days prior to the September 11 date.

All department heads and committee chairmen are being invited to this public meeting, set for 7:30 p.m. at the Southern California Edison Company Living center, 375 North Main street.

In line with overall appraisal of all aspects of the fair, at the Monday meeting, Faure was authorized to work with city officials in pinning down fair property lines on the ground, preparing a map of the total area used by the fair, and reviewing the agreement between the fair board and the city of Porterville for use of fair facilities.

Considerable discussion centered around rearrangement of the outdoor exhibit area and a different system of outdoor lighting, also improvement of the main exhibit building. Both ideas hinged on desire of directors to upgrade indoor and outdoor space for benefit of commercial exhibitors. Named to develop cost figures was Doug Webb, a fair director.

Discussed also were problems

that have developed as a result of the fair's carnival being located adjacent to the horse show arena, particularly in relation to the fair's annual Quarter Horse show.

Noise and movement resulting from carnival rides has caused show horses to become nervous and difficult to handle, according to members of the horse show committee. Fair directors have not as yet come up with a solution for this problem.

Construction of a second show ring in the livestock area, also possible cementing of the sheep and swine areas, was considered, however before a major move is made the master plan for development of the fair will be updated and possibilities of additional space explored.

General opinion of directors seemed to be that basic problem of the Porterville fair hinges around an expanding fair, limited space and limited funds. Initial approach to the problem in the opinion of fair board members is planning and upgrading aimed at maximum efficiency in use of space that is available.

Directors attending the Monday night meeting were: Board, Faure, Webb, Guido Lombardi, Bob Bennett, George Carter, Chet Gilbert, Jim Heusdens, Loren Schmid, Bob Dusek, Wilbert Moench, and Bill Rodgers.

Counseling

(Continued From Page 1)

Longley, students whose last name begins with A through G; Wilfred Wilenius, H through Pe; Paul Hernandez, Pf through Sl; and Robert Smith, Sm through Z.

Students new to Porterville high school, who have not previously registered should report to the guidance center in the administration building at one of the following times: Tuesday, August 22, 9 a.m. to 12 noon, and 1 p.m. to 4 p.m., or Wednesday, August 23, 9 a.m. to 12 noon, and 1 p.m. to 4 p.m.

Students already enrolled on the Porterville campus, including freshmen who were pre-registered last year as eighth graders, and who wish to see their counselor before school begins, should telephone 784-7000 for an appointment. Counselors will be available for such conferences from Thursday, August 24, through Friday, September 1, from 9 a.m. to noon and from 1 p.m. to 4 p.m.

First letter of the student's last name determines the counselor to whom he or she is assigned. Counseling assignments for the 1972-73 school year are: Mrs. Clara Blevins, B, I, J, M; Fred Mendoza, H, R; Mrs. Marjorie Richardson, C, D, E, F, G; Patrick Vickers, A, S, X, Y, Z; Richard Payne, K, L, N, O, Q, U; and Elaine Zupancic, P, T, V, W.

California's 1972 wheat crop, excluding Durum, is forecast at 17,179,000 bushels, 12 percent below the 1971 crop.

First-Day-Of-School Bus Schedule To Be The Same As Final Day In June

PORTERVILLE - Bussing of all elementary district and all high school district students during the 1972-73 year will be under the direction of the Porterville public schools transportation department, according to Jacob Rankin, assistant superintendent in charge of business services, who says that on the first day of school, stops will be made at the same locations as those made on the last day of school in June. It may be necessary to revise

some of the stops during the opening weeks of school, depending upon the concentration of students at various locations, Rankin says.

Parents of bus pupils are urged to have their children ride the bus on opening day of school, Tuesday, September 5, to help eliminate transportation problems that may arise during the first week of school.

Pupils in kindergarten through grade six are to be transported by bus if they live

more than one mile from their school. Junior high and high school students are eligible for bus transportation if they live more than a mile and one-half from their school.

All bus pupils will receive a special bulletin which will give specific information on how students are expected to behave while riding the bus. These forms are to be signed by the parents and returned to the respective schools.

Rankin said that pupils

should not wait at bus stops for long periods of time, and suggests that parents check periodically to see how their children are behaving at the bus stop.

Porterville public schools transportation department may be reached by telephone, 784-7000.

California has 19,300 acres in late summer onions, seven percent below 1971.

New Students Enroll On First Day Of School

PORTERVILLE - Children enrolling for the first time in Porterville Public schools may do so on the first day of school, Tuesday September 5, beginning at 8 a.m. Proof of previous enrollment in any California school is all that is necessary to enroll any pupil in grades one through eight.

Those who are entering a California school for the first time are required, by California law, to have written proof of immunization against polio, DPT (diphtheria-whooping cough-tetanus) and rubeola measles. In addition, new kindergarten pupils must also have official proof of their birthdate, and must be five years old by December 1, 1972, to be enrolled.

Double sessions of kindergarten are scheduled at most of the Porterville Elementary schools. The morning session will run from 8:45 to 11:45 a.m. and the afternoon session from 12:15 to 3:15 p.m.

The maximum enrollment for each of the classes is 32 pupils. Those enrolled after the maximum number has been reached will be transported to other schools which have not reached their peak enrollment.

Transportation to their homes is provided for morning kindergarten youngsters, and transportation to school is provided for those attending the afternoon sessions.

Parents should contact their local school if they have questions regarding any enrollment procedures. The telephone numbers for the schools are: Bartlett, 784-3965; Bellevue, 784-3158; John J. Doyle, 784-7175; Olive Street, 784-1011; Pioneer, 784-8162; Roche Avenue, 784-2367; Vandalia, 784-6513; Westfield, 784-4328; and West Putnam, 784-5237.

Assessed Value Of Utilities Is Set By The State Board Of Equalization

SACRAMENTO - The State Board of Equalization has adopted the 1972 tax roll which determined the assessed value of the operating properties of California's privately owned public utilities to be \$66.6 million or 1.5 percent more than the 1971 value, pending any board action by August 21 on petitions for redetermination. The comparative assessed values are \$4,560,965,310 for 1972 and \$4,494,385,330 for 1971.

The action follows preliminary findings of utility values announced May 9, at which time the Board also declared an assessment ratio of 27 percent of full value.

For the 10 largest public utilities, there were no changes from the market values of the operating properties as announced by the board May 9. Those values, and the comparable figures for 1971, were as follows:

Company	Market Value of Operating Properties	
	1972	1971
Pacific Gas & Elec. Co.	\$4,100,000,000	\$3,750,000,000
Pacific Lighting Grp.	805,000,000	751,400,000
San Diego Gas & Elec. Co.	525,000,000	455,000,000
S. Calif. Edison Co.	2,806,000,000	2,600,000,000
General Tel. Co. of CA	1,415,000,000	1,325,000,000
Pacific Tel. & Tel. Co.	5,116,000,000	4,600,000,000
A.T. & S.F. Rwy. Co.	140,000,000	132,750,000
Union Pacific R.R. Co.	59,150,000	53,350,000
S. Pacific Trans. Co.	510,000,000	465,000,000
The Western Pacific R.R.	51,850,000	47,200,000

Following approval by the board, completed assessment rolls for each county will be transmitted to the respective county auditors immediately after the third Monday of August.

In a separate action, the Board also adopted the Private Car Tax roll, showing assessments of \$50,339,777 or an increase of \$6,143,439 in the assessment of private railroad cars over the 1971 figure. The increase is attributed generally to new equipment purchases and retirements of older cars.

A total of 15,173 railroad cars are included in the

assessments, which represents the average number of private railroad cars of the various private car companies found to be habitually in the state during the calendar year 1971.

Under the Private Car Tax law, the board assesses and collects property taxes on railroad cars not owned by railroad companies but operating on California's railways.

Barley production in California, at an estimated 51,000,000 bushels this year, is 11 percent below last year.

Citrus High Counseling Office Opens For Students Next Wednesday

PORTERVILLE - The administrative and counseling offices at Citrus High school, located at 140 South C Street, will be open from 8:00 a.m. to 4:00 p.m. beginning Wednesday, August 23, to the opening of school.

All students who have been previously enrolled and prospective new students are

Educationally Handicapped Program Expands

PORTERVILLE - The Porterville Elementary School district will continue to expand its program of providing instruction for its educationally handicapped students, according to Herb Bonds, assistant superintendent in charge of elementary instruction.

Some 80 students participated in the program last year for the E.H. classes. A student who normally cannot function in a self-contained classroom may be given the special instruction. It is anticipated that more than 95 students will be in E.H. classes this coming year.

encouraged to enroll prior to Tuesday, September 5, the day instruction begins.

Anyone desiring additional information may come to the office during the designated hours or call 784-7000, extension 12 or 16.

Course offerings at Citrus High school for the 1972-73 school year will include English I, II, III and IV, speech, language laboratory, general mathematics, review mathematics, algebra, general science, biology, state requirements, world history and geography, United States history, civics, Art 9 and 10, Crafts 9 and 10, general business, clerical practice, record keeping, bookkeeping, typing 10 and 11, homemaking 9, 10, and 11, boys' cooking, small engine, work experience, personal adjustment, student aide, occupational information, driver training, business law, and student leadership.

There will be one new instructor on the Citrus campus, Laurence Gray, 23, who will teach science.

Five percent of the nation's population, the farmers, feed and clothe the other ninety-five percent.

Executive Board, Department Heads Plan County Fair

TULARE - Nine executive board members, appointed by the California governor, are "the power behind" the Tulare County fair, which this year is set for September 19-24.

President of the board is Mrs. Evelyn Beck, of Tipton; Michael Chrisman, of Visalia, is vice president. Other board members include: Antonio Nunes and William Silveira, of Tulare; Edward Tellalian and Don Kurihara, of Orosi; Burke C. Thompson, of Lindsay; Mrs. Ida May Van De Venter, of Visalia; and Hal Campbell, of Porterville.

Secretary manager of the fair is A.C. Slinde, of Tulare.

Serving as senior department directors this year - the fair's 51st year - are Clive Harris, livestock; Mrs. Polly Luis, agriculture, horticulture, and community exhibits; Mrs. Ola Mae Smith, floriculture, home economics, arts, and crafts and hobbies; Mrs. Wava Myers, paintings; and Art Jensen, rabbits.

In junior departments Harris is also livestock director; Dave Smith heads the 4-H horse show division; Jensen is in charge of the 4-H rabbit department; Mrs. Joe Espindula heads up all other junior departments; Sabin H. Gray is in charge of public schools exhibits.

Smith is also director of the fair's light horse and horse show department; steward is Joe Pacheco.

Entry closing date generally for all departments is September 8, with some few exceptions listed in the 1972 premium book.

"Exhibitors should keep that September 8 date in mind," says Slinde. "Actually all of us in the fair office would appreciate earlier entries, in fact any time now, since the complicated problem of bookkeeping can be better handled if the last-minute rush is cut to a minimum."

Premium books and entry forms available at fair office, 215 East Alpine, Tulare. Post office address, Box 777; telephone is 686-4707.

PRE-SCHOOL CALENDAR FOR TEACHERS BEGINS MONDAY, AUGUST 28

PORTERVILLE - The calendar for teachers newly employed by Porterville Public schools begins on Monday, August 28 at 9:30 a.m. with an orientation meeting on the assigned campus, then new staff members will join members of the Governing board at a Monday luncheon in the

LEGAL NOTICE

ADVERTISEMENT FOR BIDS
NOTICE IS HEREBY GIVEN that sealed bids for construction of water mains and appurtenances will be received at the office of the Clerk of the Board of Supervisors, Room 301, Courthouse, Visalia, California, until 10:00 A.M. on 30th day, August, 1972.

Bids shall be in strict accordance with the Drawings and Specifications which are on file with the Tulare County Building Department, Room 108, Courthouse, Visalia, California. Copies of the Drawings and Specifications may be obtained from the Building Department upon request.

Bids shall be submitted on forms provided by the Building Department and along with accompanying documents, sealed in an envelope marked "Bid, Water Main Construction."

The bids will be opened, examined and declared by a Deputy Clerk of the Board of Supervisors at the time and on the date above written. The bid opening will be open to the public and held in the Chambers of the Board of Supervisors in the Tulare County Courthouse, Visalia, California. The results of the Bidding shall be reported to the Board of Supervisors at their next regular meeting thereafter.

The successful Bidder shall furnish a Labor and Materials Bond in an amount not less than fifty percent (50%) of the amount payable under the Contract and a Faithful Performance Bond for not less than one hundred percent (100%) of the amount payable under the Contract. The successful Bidder shall furnish satisfactory proof of the maintenance of Public Liability Insurance in an amount not less than \$1000,000 for one person injured in any one accident and not less than \$300,000 for more than one person injured in one accident and the maintenance of Property Damage Insurance in an amount not less than \$25,000.

Pursuant to sections 1770-1780 of the Labor Code of the State of California, the Board of Supervisors has ascertained the general prevailing rate of per diem wages in the locality for each craft or type of workman needed to execute the contract and the contractor to whom the contract is awarded and any subcontractor under him shall pay all workmen employed on the work not less than said rates. Copies of said wage rates are on file with the Clerk of the Board of Supervisors, Room 301, Tulare County Courthouse, Visalia, California, and will be made available to any interested person on request.

No bid may be withdrawn sooner than thirty (30) days after the date set for opening thereof.

The Board of Supervisors reserves the right to reject any or all bids, and/or waive any informality in any bid, and/or determine in its discretion the responsibility of any bidder, and which bid is most economical to the County.

Date: August 1, 1972
By Order of the Board of Supervisors of the County of Tulare, State of California.

Jay C. Bayless, County Clerk and ex-officio Clerk of the Board of Supervisors of the County of Tulare.

LEGAL NOTICE

ORDINANCE NO. 1523
AN ORDINANCE REPEALING ARTICLE 3.7 OF CHAPTER 2 OF PART 1 OF THE ORDINANCE CODE OF TULARE COUNTY, AMENDING SECTION 1053 OF SAID ORDINANCE CODE, AND REPEALING SECTION 1619 OF SAID ORDINANCE CODE, PERTAINING TO SAFETY PROGRAMS.

THE BOARD OF SUPERVISORS OF THE COUNTY OF TULARE DO ORDAIN AS FOLLOWS:
Section 1. Article 3.7 of Chapter 2 of Part 1 of the Ordinance Code of Tulare County, consisting of sections 1115 through 1119, is hereby repealed.

Section 2. Section 1053 of the Ordinance Code of Tulare County is hereby amended to read as follows:

Section 1053. SAME: SPECIFIC DUTIES: In addition to any other delegation of authority, duties and responsibilities by the Board of Supervisors, the County Administrative Officer shall:

(a) Supervise and direct the preparation of the annual County budget, and make written reports and recommendations on all budget items to the Board of Supervisors. He shall also exercise continuous review of departmental expenditures.
(b) Appoint, suspend and remove the department heads and employees in the departments, offices and agencies designated in subsections (c), (d) and (e) below. He may authorize the same authority to the Assistant County Administrative Officer, and may authorize the head of any such department, office or agency to appoint, suspend and remove subordinates in such departments, offices and agencies.

(c) Supervise and direct the administration of the Personnel Department.

(d) Supervise and direct the administration of the Motor Pool, Data Processing, Maintenance, Communications, Central Duplicating and such other central administrative services as may be placed under his supervision by the Board of Supervisors.

(e) Supervise and direct the administration of the Purchasing Department in all areas except those delegated solely to the Purchasing Agent by State law.

(f) Perform such investigations, studies or surveys as the Board of Supervisors may designate, or as he may deem necessary, and make recommendations to improve the use of manpower, materials and services, and to coordinate the work of County offices, departments and institutions in those matters which are the responsibility of the Board.

(g) Supervise and direct the preparation of long-range capital improvement plans for the management of County property, and submit recommendations for the construction and alteration of, or assignment of, space in those physical facilities necessary to the performance of County services.

(h) Recommend to the Board of Supervisors such transfers, reassignments or consolidations of County governmental functions and organizational units as in his opinion are necessary and proper.

(i) Supervise and direct the preparation of such County procedures as are necessary to achieve the policies established by the Board of Supervisors regarding the administrative affairs of the County, including procedures for the review of departmental matters by the County Administrative Officer prior to the submission of such matters to the Board.

(j) Represent the Board of Supervisors in matters relating to relationships with other governmental units or private agencies.

(k) Control the interdepartmental transfer and storage of surplus personal property.

(l) Supervise and direct the County safety program.

Section 3. Section 1619 of the Ordinance Code of Tulare County is hereby repealed.

Section 4. This ordinance shall take effect on the 8th day of September, 1972, and prior to the expiration of fifteen (15) days from the passage hereof, shall be published once in the Farm Tribune, a newspaper printed and published in the County of Tulare, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

THE FOREGOING ORDINANCE was passed and adopted by the Board of Supervisors of the County of Tulare, State of California, on the 9th day of August, 1972, at an adjourned regular meeting of said Board, duly and regularly convened on said day, by the following vote:

Junior Rodeo

(Continued From Page 1)

Anderson, from Porterville; and Denise Fought, from Lindsay. Judging is based on horsemanship, appearance and personality, and sale of special tickets.

Events of the junior rodeo, broken into 6-12 year and 13-16 year age groups, will include: Calf riding, Texas barrels, steer riding, barrel racing, ribbon roping, goat tying for girls, team roping and family jackpot team roping.

Sterling silver belt buckles go to all-around champions in each age group; gift certificates go through fourth place in each event; ribbons through fifth.

Entries close at noon, August 18; post entries will be accepted until 4 p.m., August 19. Full information can be obtained from Mrs. Goldie Brown, 17502 Rd. 296, Porterville, or from Mrs. Betty Moore, telephone 784-0886.

The Junior rodeo is sponsored as a community service by Springville Post 9499, Veterans of Foreign Wars. Food and drink concessions will be available on the grounds during the rodeo.

Variety Of Courses

(Continued From Page 1)

horse care and training, hunter safety and income tax.

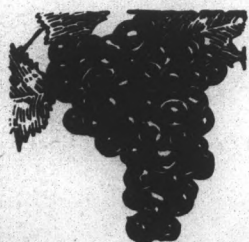

Enrollments are also open in lapidary, leathercraft, local history, portrait painting, woodworking and conversational Spanish.

Skill development courses include bookkeeping, welding and typing. Programs designed for handicapped adults are offered in basic education, cooking and crafts.

General Education Development test (G.E.D.) of high school equivalency is administered by the adult school. Dr. Chamberlain stated that interested adults may obtain brochures at the adult school office in Porterville high school administration building, and information regarding enrollment in classes may be obtained by calling 784-7000, extension 14, beginning August 28.

Los Angeles had 406 motor vehicle traffic deaths in 1970; San Francisco, had 93.

LOOKING AROUND the YMCA Family camp on Lake Sequoia - typical cabins for

family living, and an outdoor camping area; and is that food ever good! Log cabins - which

the kids really go for; riding through the woods; and a family

enjoys breakfast in the camp mess hall. (Farm Tribune photos)

Family Y Camp

(Continued From Page 1)

and it is creating an atmosphere in which family members bridge the "communications gap," and strengthen family ties that seem to be generally weakening in modern society.

The camp concept is not one of "preaching," but rather of living and playing together as a family, with a full program of activities available to be used as individual family members want to use them.

Included in the activities program are trout fishing, swimming and swimming instruction, boating, horseback

riding, hay rides, a variety of crafts work, volleyball and horseshoes, nature and historical hikes, devotional services and access to programs at Grant Grove in Kings Canyon National park, which is "just a piece up the road" from Lake Sequoia.

And there are special services for "mom:" nursery care for children, and a vacation from cooking and dish washing, since family meals are served in the camp mess hall.

Three basic categories of living facilities are available at the Family camp - cabins with beds and centrally located sanitary facilities; a lodge with rooms; and open areas where

recreation-type vehicles can be parked and tents can be pitched.

On a "cost of operation" basis, charge for cabins and the lodge is \$7.00 per adult and \$4.00 per child per day, including three meals, participation in camp program, and use of camp facilities. Charge for YMCA members is \$1.00 less; a number of rate plans are available for persons who have their own trailers or campers; two deluxe apartments are also available at a higher rate.

Complete Family camp information can be obtained in Porterville at the YMCA office, 747 North Sunnyside, telephone 784-8192.

While weekend or holiday family camps have been organized by the YMCA in past years, the present camp program is the first that operates on a continuous basis, allowing families to come and go as their time dictates.

This has been made possible at Lake Sequoia through a relatively new Sequoia Lake YMCA conference organization

under which five YMCA camps on the lake, including the family camp, now are administered by the conference.

Previously - in fact for many years - Tulare county, Kings county, Fresno county and the City of Fresno all operated lake camps through their individual YMCA conferences.

Under the present plan each of three county YMCAs has nine representatives on a 27-member lake conference board to administer and coordinate programs on a total lake basis.

Lake executive who is in charge of the total program is Joe Krehbiel; director of the Family camp is Pat Bergthold.

Lake Sequoia is located just off highway 180 at an elevation of 5,000 feet. It is just two miles from the entrance to Kings Canyon and Sequoia National parks.

Acres of corn for grain in California is forecast at 220,000 acres this season, down 44,000 acres from last year.
